

KanaSoh has two courses. One is “ a Multi-talented Course, and the other is an International or Intercultural Studies Course.

KanaSoh High School's emblem consists of three points of view.

The first point is “The Circle.”

The circle is an image of the international society and represents the harmony and unity of our school.

The second is “Two Arcs.”

The two Arcs in the center of the circle, which are navy blue and red, represent the figures of students who are helping one another and improving themselves through friendly rivalry.

The last is “Two Horizontal Lines.”

Two horizontal lines mean increasing the endless possibilities of each individual towards the future.
